## MILLER AND KINDELBERGER

Furnished no end of Amusement for Their Colleagues, and the South Sider had Decidedly the Better of the Argument-Report of the Board of Equalization and Appeals-An Increase of \$535,000.

City council met last night in regular session, and in the second branch the proceedings were decidedly in a lighter vein than is usual in deliberative bodies. In the absence of Mr. Maxwell, Councilman "Dick" Miller, of the Eighth ward, had been placed in the chair, but when the ordinance providing that bowling alleys shall not be run in connection with saloons was brought up, the chairman pro tem called Mr. Kindelberger to the chair. His selection was most unfortunate, the East End man holding opposite views on the matter, and taking all opportuni-ties offered by reason of his position as presiding officer to head off Miller. The latter offered an amendment abolishing slot machines, billiard tables and other devices from saloons, but Kindelberger with the urbanity of a czar, declared the amendment out of order. Miller stormed at a great rate, but to no However, Miller got more than even

when he resumed the chair, and relegated Kindelberger to private life on the floor, so to speak. His opportunity came when Kindelberger offered a resolution that in the future all sewers be constructed by the board of public works, and not by contract. Kindel-berger wanted action, but somebody moved to refer, and while Kindelberger worked himself red in the face in objecting, the chair declared the motion pased, amid the laughter of his col-

There was some difficulty in securing a quorum, but when the roll was called in the second branch there was a quorum and two to spare. In the first branch only seven members were present, but after a wait of several utes Messrs. Meyer and Shockey turned up, giving a bare quorum. absence of President Maxwell, Mr. Mil-ler, of the Eighth ward, presided in the second branch. Mayor Sweeney occu-pled the chair in the first branch.

he report was adopted as presented.

The report was adopted as presented. James A. Henry's application, made to the board, to tear out parts of the southern portion of the stone wall of the Main street stone bridge, was brought up, but was ruled out of order. Later the matter was taken up and, after a reference to the city solicitor had been made and set aside, there was a motion to lay on the table, which was defeated, and then the matter was

again referred to the city solicitor. POLICE CHANGES CONFIRMED. The committee on police reported the recent changes made in the department by Chief Clemans, including the resignation of Officers Gardner Marshall, and the appointment of Officers Turner and Wells as regular officers and of John Donovan as extra-man. The appointments were con-

firmed. MERCHANTS' DAYS' ARCHES. Councilman Scalley introduced a resolution giving the Merchants' Days promoters the right to erect arches on Market and Main streets, between Sixteenth and Tenth, and allowing them to remain until after the Knights of Pythias grand lodge meets.

NO BOWLING IN SALOONS.

The Marschner ordinance providing that no bowling alleys shall be run in connection with saloons, was brought Mr. Miller vacated the chair, and offered an amendment that no billiard tables, bagatelle tables or slot machines shall be run in saloons. Chair-man pro tem Kindelberger ruled the amendment out of order. Then there ensued an exciting cross-fire between Messrs. Miller and Kindelberger, but the former got decidedly the worst of it, and the ordinance soon went to a vote, resulting in its winning, by a vote

A GRADE ORDINANCE. An ordinance was next presented fixing certain grades on Twenty-ninth street, from McColloch street to the corporation line. It was passed without opposition.

A RAILWAY ORDINANCE.

An ordinance was introduced granting to the Wheeling Railway Company the right to use certain streets on lower South Side to give it another loop, thus relieving the company of the use of the track on Jacob street, between Forty-third and Forty-eighth streets, for poin north and south bound cars The route described calls for a track from the corner of Forty-eighth and Jacob streets, on Forty-eighth to Eoff, on Eoff to Forty-third, and on Forty-third across the south bound track to a connection with the present north bound track on Fortythird street, east of Jacob. A connec tion between the north and south bound tracks at Forty-eighth and Jacob streets is also called for.

Secondly, the ordinance provides for a track on Cromwell street, Island, be-tween North Front and North Huron streets. This improvement is mainly for the convenience of the base ball patrons.

A motion was made to refer to the committee on streets, alleys and grades An amendment was made to refer to that committee and to the committee on ordinances. The chair declined to entertain the amendment, and the vote to refer to the committee on streets, alleys and grades was 10 to 8 in its fa-

ir kind is all that necessary now to annual West Virgin-us exposition and state fair the greatest in the history of the association, and at the same time the largest gathering of people that has everbeen attracted within Wheeling's gates. Everything is going along as smoothly as could be hoped for, and every day additional entries are being filed by Secretary Hook, for every department. The increased premiums which this year aggregate about \$10,000, has created a stir among exhibitors, not only in this district, but all over the country. Live stock from Chicago and up in Michigan are to compete for the first premium, to say nothing of the entries already received from Pennsylvania and New York states. For the reception of the increased exhibits, new quarters are being built for every department, and classes of an entirely different and more rare nature have been included in this year's premium list. The poultry department, too, will be a wonder and the rarset specimens will be shown.

The races will be of far better quality than ever before. Purses are offered larger than any ever advertised in this section of the country, and horses are being entered for every class that never before could be hoped for. Horsemen all over the circuit are preparing for the Wheeling meeting, and track records will be "broken to smash" this year sure.

## M'LEAN BEATEN

In Belmont County Democratic Convention Vesterday.

## STATE CONVENTION DELEGATES

Are Claimed to be Against the Cincinnati Editor With Possibly one or two Exceptions-A County Ticket Named, all the Nominations but one Being Made by Acclamation-Iwo Ballots on Commissioner.

The Belmont county Democratic convention was held yesterday afternoon at St. Clairsville, and the surprising feature was the knock-out blow given the McLean people. It had been expected that he McLean crowd would be in control, but when it came to count-ing noses it was found that the opposition was stronger than had been ex-pected, and the result was the selection of eleven delegates to the coming state convention who are said to be solidly against McLean. Some of the McLean pushers, however, say two or three of the delegates will line up for their man.

The convention was called to order at 1 o'clock, and the session continued un-The convention was called to order at 1 o'clock, and the session continued until 5:30, a great deal of the time being expended in the fight over delegates to the state convention. A county licket was named, of course, but it doesn't follow that anybody who was given a nomination has the least expectation of wining out in November.

The convention was called to order by County Chairman Creamer. A. M. Brown, of Flushing, was made temporary chairman, who, up to three years ago, was a Republican. The customary prayer was omitted for reasons best known to the leaders. Mr. Brown's speech was principally a tirade of abuse of Republican policies and leaders.

J. B. Ryan, of St. Clairsville, was chosen secretary of the convention. The following committees were announced: Credentals—W. S. Glasgow, Glencoe; Emerson Campbell, Pense, P. D. Hoge, Union; James Castle, Warren; H. A. Caldwell, York.

Permanent organization—W. S. Barton, Colerain; D. H. Milligan, Richland; Geo, Moore, Pultney; James Bethel. Flushing; Joseph Douglas, Warren.

year sure.

The side features such as have never been attempted here have been arranged for. These include the famous Jay Cook's Hippodrome and Equine paradox, which will give before and between each race, Roman standing races, Ben Hur chariot races, Hurdle races, cowboy races and will introduce Mile, Campbell, the champion female horsewoman of the world. Besides these, a stage has been erected in front of the grand stand and on this a fine vaudeville show will be given, and Chiefs White Cloud and Two Sticks, of the Choctaw tribe, will give an exhibit of knife throwing, etc. In fact, it will be a continuous performance from the time the gates open until the races are over, without any waits or delays.

The railroads have arranged for special low rate excursions to last the entire week, and those desiring to return home the same day may do so by special trains on all roads at 6 o'clock. On Wednesday night the \$1,500 fireworks display arranged for by the merchants of Wheeling, will take place from barges anchored in the river, opposite the wharf and it is expected this alone will attract many thousands.

Probate Judge—E. E. Clevenger, of Bellaire.
Prosecutins Attorney—Corge Cooke, of Martin's Ferry.
Coroner—Dr. M. D. Vossburg. of Bridgeport.
Infirmary director—A. E. Massie, of York township.
Treasurer—J. T. Henderson, of Wheeling township.
The only contest for any of the nominations was for county commissioner.
Three names were presented, H. W. Bigley, of Flushing; J. J. Browne, of Meade, and Daniel Parkinson, of Richland township. Bigley won on the second ballot. The two pallots were as follows:

Mr. J. E. Lilly, a prominent citizen of Hannibal, Alo., lately had a wonder ful deliverance from a frightful death. In telling of it he says: "I was taken with typhold fever, that ran into pneumonia. My lungs became hardened, I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great ruled. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all threat and lung trouble.
